CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends impacting the financial condition of our business. Forward-looking statements should not be read as a guarantee of future performance or results and will not necessarily be accurate indications of the times at, or by, which such performance or results will be achieved. Forward-looking statements are based on information available at the time those statements are made and/or management’s good faith belief as of that time with respect to future events and are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in or suggested by the forward-looking statements.

Forward-looking statements include all statements that are not historical facts. In some cases, you can identify forward-looking statements by terms such as “may,” “will,” “should,” “could,” “would,” “expect,” “intend,” “seek,” “plan,” “anticipate,” “believe,” “estimate,” “project,” “predict,” “potential,” “might,” “forecast,” “continue,” or the negative of those terms, and similar expressions and comparable terminology intended to reference future periods. Forward-looking statements include, but are not limited to, statements about:

- our ability to protect and enforce our intellectual property protection and the scope and duration of such protection;
- our reliance on third parties, including suppliers, delivery platforms, brand sponsors, software providers and service providers;
- our ability to operate in public spaces and any errors caused by human supervisors, network connectivity or automation;
- our robots’ reliance on sophisticated software technology that incorporates third-party components and networks to operate, and our ability to maintain licenses for this software technology;
- our ability to commercialize our products at a large scale;
- the competitive industry in which we operate which is subject to rapid technological change;
- our ability to raise additional capital to develop our technology and scale our operations;
- developments and projections relating to our competitors and our industry;
- our ability to adequately control the costs associated with our operations;
- the impact of current and future laws and regulations, especially those related to personal delivery devices;
- potential cybersecurity risks to our operational systems, infrastructure and integrated software by us or third-party vendors;
- the development of a market for our common stock;
- the Company’s ability to continue as a going concern; and
- other risks and uncertainties, including those listed in this Quarterly Report under the caption “*Risk Factors.*”

Should one or more of these risks or uncertainties materialize, or should the underlying assumptions prove incorrect, actual results may differ significantly from those anticipated, believed, estimated, expected, intended or planned.

Factors or events that could cause our actual results to differ may emerge from time to time, and it is not possible for us to predict all of them. We cannot guarantee future results, levels of activity, performance or achievements. Accordingly, the forward-looking statements in this Quarterly Report on Form 10-Q should not be regarded as representations that the results or conditions described in such statements will occur or that our objectives and plans will be achieved, and we do not assume any responsibility for the accuracy or completeness of any of these forward-looking statements.

Serve Robotics Inc.
Notes to the Unaudited Condensed Consolidated Financial Statements

1. NATURE OF OPERATIONS

Serve Operating Co. (“Serve”) (formerly known as Serve Robotics Inc.) is a corporation formed on January 15, 2021 under the laws of the State of Delaware.

On July 31, 2023, Serve Acquisition Corp., a corporation formed in the State of Delaware on July 10, 2023 (“Acquisition Sub”) and wholly-owned subsidiary of Patricia Acquisition Corp., a Delaware corporation incorporated on November 9, 2020 (“Patricia”), merged with and into the Company (as defined below). Pursuant to this transaction (the “Merger”), Serve was the surviving corporation and became Patricia’s wholly owned subsidiary, and all of the outstanding stock of Serve was converted into shares of Patricia’s common stock. All of Serve’s outstanding warrants and options were assumed by Patricia. In addition, on July 31, 2023, the board of directors of Patricia and all of its pre-Merger stockholders approved a restated certificate of incorporation, which was effective upon its filing with the Secretary of State of the State of Delaware on July 31, 2023, and through which Patricia changed its name to “Serve Robotics Inc.” Following the consummation of the Merger, Serve Robotics Inc. changed its name to “Serve Operating Co.”

As a result of the Merger, Patricia acquired the business of Serve and continued the existing business operations of Serve as a public reporting company under the name Serve Robotics Inc. (the “Company”). The Company is developing autonomous robots for last-mile delivery services. The Company is headquartered in Redwood City, California. In accordance with “reverse merger” or “reverse acquisition” accounting treatment, the Company was determined the accounting acquirer. Patricia’s historical financial statements before the Merger have been replaced with the historical financial statements of Serve before the Merger in filings with the SEC since the Merger unless otherwise noted.

Public Offering

On April 17, 2024, the Company entered into an underwriting agreement (the “Underwriting Agreement”) with Aegis Capital Corp. (“Aegis”) in connection with the public offering of 10,000,000 shares of the Company’s common stock, par value \$0.0001, at a public offering price of \$4.00 per share (the “Offering”). The Company’s net proceeds from the Offering, after deducting the underwriting discount and other estimated offering expenses payable by the Company, were approximately \$35.8 million. As a result of the Offering, the Company’s common stock was approved for listing on The Nasdaq Capital Market and commenced trading under the ticker symbol “SERV” beginning on April 18, 2024. See Note 7.

2. REVERSE MERGER ACCOUNTING

On July 31, 2023, Acquisition Sub, merged with and into the Company. Pursuant to the Merger, the Company was the surviving corporation and became Patricia’s wholly owned subsidiary, and all of the outstanding stock of Serve was converted into shares of Patricia’s common stock. All of Serve’s outstanding warrants and options were assumed by Patricia. Following the consummation of the Merger, Serve Robotics Inc. changed its name to “Serve Operating Co.”

The Merger was accounted for as a reverse-merger, and recapitalization in accordance with generally accepted accounting principles in the United States (“GAAP”). Serve Robotics Inc. was the acquirer for financial reporting purposes and Patricia was the acquired company. Consequently, the assets and liabilities and the operations that are reflected in the historical financial statements prior to the Merger are those of Serve Robotics Inc. and have been recorded at the historical cost basis of Serve Robotics Inc., and the financial statements after completion of the Merger include the assets and liabilities of Patricia and Serve Robotics Inc., historical operations of Serve Robotics Inc. and operations of Patricia from the closing date of the Merger. Common stock and the corresponding capital amounts of Patricia pre-merger were retroactively restated as capital stock shares reflecting the exchange ratio in the Merger. In conjunction with the Merger, the Company received no cash and assumed no liabilities from Patricia.

As a result of the Merger, each of Serve’s shares of capital stock issued and outstanding immediately prior to the closing of the Merger was converted into the right to receive 0.8035 shares of Patricia’s common stock (the “Common Share Conversion Ratio”). Accordingly, all share and per share amounts for all periods presented in the accompanying consolidated financial statements and notes thereto have been adjusted retroactively, where applicable, to reflect the Common Share Conversion Ratio. There was no effect on the number of shares of common stock or preferred stock authorized for issuance under the Company’s certificate of incorporation or the par value of such securities.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accounting and reporting policies of the Company conform to GAAP. The Company's fiscal year end is December 31.

Reclassifications

Certain amounts in prior periods have been reclassified to conform to the current period presentation.

Principles of Consolidation

These consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries, Serve Operating Co. and Serve Robotics Canada Inc. All inter-company transactions and balances have been eliminated on consolidation.

Unaudited Condensed Consolidated Financial Information

The unaudited condensed consolidated financial statements and related notes have been prepared in accordance with GAAP for interim financial information, within the rules and regulations of the United States Securities and Exchange Commission (the "SEC"). Certain information and disclosures normally included in the annual financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. The unaudited condensed consolidated financial statements have been prepared on a basis consistent with the audited financial statements and in the opinion of management, reflect all adjustments, consisting of only normal recurring adjustments, necessary for the fair presentation of the results for the interim periods presented and of the financial condition as of the date of the condensed consolidated balance sheet. The financial data and the other information disclosed in these notes to the condensed consolidated financial statements related to the three-month periods are unaudited. Unaudited interim results are not necessarily indicative of the results for the full fiscal year. The accompanying unaudited condensed consolidated financial statements should be read in conjunction with the Company's audited financial statements and the notes thereto for the year ended December 31, 2023 included in the Form 10-K filed with the SEC on February 29, 2024.

Liquidity and Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern within one year after the date that the financial statements are issued and contemplates the realization of assets and satisfaction of liabilities in the ordinary course of business. The consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might result from the outcome of the uncertainty described below.

Management's plans discussed below have alleviated the substantial doubt outlined below regarding the Company's ability to continue as a going concern for the one-year period from the date that these financial statements were issued.

As of September 30, 2024, the Company had \$50.91 million in cash and cash equivalents and had a working capital deficiency. During the three and nine months ended September 30, 2024, the Company incurred a net loss of \$8.00 million and \$26.07 million, respectively. During the nine months ended September 30, 2024, the Company had net cash flows used in operating activities of \$15.28 million.

In accordance with Accounting Standards Codification ("ASC") Topic 205-40, Presentation of Financial Statements - Going Concern, the Company evaluated whether there are conditions and events, considered in the aggregate, that raise substantial doubt about its ability to continue as a going concern within one year after the date that these consolidated financial statements are issued. While the Company's current cash flow forecast for the one-year going concern look forward period estimates that there will be sufficient capital available to fund operations, this forecast is subject to significant uncertainty, including as it relates to revenue for the next twelve months. The Company's revenue projections depend on its ability to successfully design, develop and operate low-emissions robots that serve people in public spaces, which is inherently uncertain and subject to a number of risks.

Management believes that, given the history of recurring losses, negative working capital, expected future capital expenditures, and accumulated deficit, conditions or events exist that raise substantial doubt about the Company's ability to continue as a going concern through one year from the date that these financial statements are issued. Management's plans to alleviate such conditions or events may include pursuing equity financing, debt funding, and alternative funding sources. Management's plans include execution of its commercial plans, primarily related to capital expenditures around its robot fleet. The Company has a successful history of accessing equity markets.

New financings may not be available to the Company on commercially acceptable terms, or at all. Also, any additional collaborations, strategic alliances, asset sales and marketing, distribution, or licensing arrangements may require the Company to give up some or all of its rights to a product or technology, which in some cases may be at less than the full potential value of such rights. If the Company is unable to obtain additional capital, the Company will assess its capital resources and may be required to delay, reduce the scope of, or eliminate some or all of its operations, including capital expenditures, or downsize its organization, any of which may have a material adverse effect on its business, financial condition, results of operations, and ability to operate as a going concern. In addition, geopolitical tensions, volatility of capital markets, and other adverse macroeconomic events, including those due to inflationary pressures, rising interest rates, banking instability, monetary policy changes and the ability of the U.S. government to manage federal debt limits as well as the potential impact of other health crises on the global financial markets may reduce the Company's ability to access capital, which could negatively affect its liquidity and ability to continue as a going concern.

Use of Estimates

The preparation of the Company's financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Significant estimates and assumptions reflected in these financial statements include, but are not limited to, the valuations of common stock and options. The Company bases its estimates on historical experience, known trends and other market-specific or other relevant factors that it believes to be reasonable under the circumstances. On an ongoing basis, management evaluates its estimates when there are changes in circumstances, facts and experience. Changes in estimates are recorded in the period in which they become known. Actual results could differ from those estimates.

Concentrations of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash and cash equivalents. The Company generally maintains balances in various operating accounts at financial institutions that management believes to be credit worthy, in amounts that may exceed federally insured limits. The Company has not experienced any losses related to its cash and cash equivalents and does not believe that it is subject to unusual credit risk beyond the normal credit risk associated with commercial banking relationships.

Concentrations

During the nine months ended September 30, 2024, one customer accounted for 72% of the Company's revenue and accounted for 88% of the Company's accounts receivable. In the same period in 2023, a different customer accounted for 68% of the Company's revenue.

Cash and Cash Equivalents

The Company considers all highly liquid investments with maturities of three months or less at the date of purchase to be cash equivalents.

Fair Value Measurements

Certain assets and liabilities of the Company are carried at fair value under GAAP. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Financial assets and liabilities carried at fair value are to be classified and disclosed in one of the following three levels of the fair value hierarchy, of which the first two are considered observable and the last is considered unobservable:

- Level 1—Quoted prices in active markets for identical assets or liabilities.

- Level 2—Observable inputs (other than Level 1 quoted prices), such as quoted prices in active markets for similar assets or liabilities, quoted prices in markets that are not active for identical or similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data.
- Level 3—Unobservable inputs that are supported by little or no market activity that are significant to determining the fair value of the assets or liabilities, including pricing models, discounted cash flow methodologies and similar techniques.

The carrying values of the Company's accounts receivable, prepaid expenses and accounts payable and accrued expenses approximate their fair values due to the short-term nature of these assets and liabilities.

See Note 4 for fair value disclosures.

Accounts Receivable

Accounts receivable are derived from services delivered to customers and are stated at their net realizable value. The Company accounts for allowance for doubtful accounts under ASC 310-10-35. Each month, the Company reviews its receivables on a customer-by-customer basis and evaluates whether an allowance for doubtful accounts is necessary based on any known or perceived collection issues. Any balances that are eventually deemed uncollectible are written off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. As of September 30, 2024 and December 31, 2023, the Company determined there was no allowance for doubtful accounts necessary.

Inventory

Inventory is stated at the lower of cost or market value and accounted for using the specific identification cost method. As of September 30, 2024 and December 31, 2023, inventory primarily consists of robotic component parts purchased from the Company's suppliers. Management reviews its inventory for obsolescence and impairment periodically and did not record a reserve for obsolete inventory for the nine months ended September 30, 2024 and 2023.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation. Depreciation expense is recognized using the straight-line method over the estimated useful life of the asset, which is three (3) to five (5) years for office equipment and two (2) years for the Company's robot assets. Estimated useful lives are periodically assessed to determine if changes are appropriate. Maintenance and repairs are charged to expense as incurred. When assets are retired or otherwise disposed of, the cost of these assets and related accumulated depreciation or amortization are eliminated from the balance sheets and any resulting gains or losses are included in the statement of operations in the period of disposal.

Impairment of Long-Lived Assets

The Company continually monitors events and changes in circumstances that could indicate carrying amounts of long-lived assets may not be recoverable. When such events or changes in circumstances are present, the Company assesses the recoverability of long-lived assets by determining whether the carrying value of such assets will be recovered through undiscounted expected future cash flows. If the total of the future cash flows is less than the carrying amount of those assets, the Company recognizes an impairment loss based on the excess of the carrying amount over the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or the fair value less costs to sell.

Deferred Offering Costs

The Company complies with the requirements of ASC 340-10-S99-1 with regards to offering costs. Prior to the completion of an offering, offering costs are capitalized. The deferred offering costs are charged to additional paid-in capital or as a discount to debt, as applicable, upon the completion of an offering or to expense if the offering is not completed. As of September 30, 2024, the Company did not have any capitalized deferred offering costs.

Convertible Instruments

GAAP requires companies to bifurcate conversion options from their host instruments and account for them as free-standing derivative financial instruments according to certain criteria. The criteria include circumstances in which (a) the economic characteristics and risks of the embedded derivative instrument are not clearly and closely related to the economic characteristics and risks of the host contract, (b) the hybrid instrument that embodies both the embedded derivative instrument and the host contract is not re-measured at fair value under otherwise applicable generally accepted accounting principles with changes in fair value reported in earnings as they occur and (c) a separate instrument with the same terms as the embedded derivative instrument would be considered a derivative instrument. An exception to this rule is when the host instrument is deemed to be conventional as that term is described under applicable GAAP.

Revenue Recognition

The Company accounts for revenue in accordance with ASC 606 – Revenue from Contracts with Customers (“ASC 606”). The Company determines revenue recognition through the following steps:

- Identification of a contract with a customer;
- Identification of the performance obligations in the contract;
- Determination of the transaction price;
- Allocation of the transaction price to the performance obligations in the contract; and
- Recognition of revenue when or as the performance obligations are satisfied.

Revenue is recognized when control of the promised goods or services is transferred to customers, in an amount that reflects the consideration the Company expects to be entitled to in exchange for those goods or services. As a practical expedient, the Company does not adjust the transaction price for the effects of a significant financing component if, at contract inception, the period between customer payment and the transfer of goods or services is expected to be one year or less.

The Company recognizes revenue on its software services over time. The Company utilizes labor hours as a measure of progress to estimate the percentage of completion of the performance obligation at each reporting period. Service fees that have been invoiced or paid but performance obligations have not been met are recorded as deferred revenue. As of September 30, 2024, the Company had \$14,097 in deferred revenue pertaining to software services.

For delivery services, the Company satisfies its performance obligation when the delivery is complete, which is the point in time control of the delivered product transfers to the customer.

The Company recognizes branding fees over time as performance obligations are completed over the term of the agreement.

Disaggregation of Revenue

The disaggregation of revenue is as follows:

	Three Months Ended September 30, 2024		Nine Months Ended September 30, 2024	
	2024	2023	2024	2023
Software services	\$ 38,767	\$ -	\$ 1,185,903	\$ -
Delivery services	112,288	54,065	239,588	111,784
Branding fees	70,500	8,500	211,150	53,042
	<u>\$ 221,555</u>	<u>\$ 62,565</u>	<u>\$ 1,636,641</u>	<u>\$ 164,826</u>

Cost of Revenue

Cost of revenue consists primarily of allocations of depreciation on robot assets used for revenue producing activities, personnel time related to revenue activities, and costs related to data, software and similar costs that allow the robots to function as intended and for the Company to communicate with the robots while in service.

Sales and Marketing

Sales and marketing expenses include personnel costs and public relations expenses. Advertising costs are expensed as incurred and included in sales and marketing expenses. There were no advertising expenses and \$184,000 for the nine months ended September 30, 2024 and 2023, all respectively. There were no advertising expenses for the three months ended September 30, 2024 and 2023.

Operations

Operations expenses primarily consist of costs for field operations personnel.

General and Administrative Expenses

General and administrative expenses primarily consist of personnel-related expenses for executive management and administrative functions, including finance and accounting, legal, and human resources, as well as general corporate expenses and general insurance. General and administrative expenses also include depreciation on property and equipment as well as amortization of right of use assets. These costs are expensed as incurred.

Research and Development Costs

Costs incurred in the research and development of the Company's products are expensed as incurred. Research and development costs include product design, hardware and software costs.

Leases

The Company accounts for leases under ASC 842 – Leases. The Company does not apply the recognition requirements for leases with a term of twelve months or less.

The Company determines if an arrangement is a lease, or includes an embedded lease, at inception for each contract or agreement. A contract is or contains an embedded lease if the contract meets all of the below criteria:

- (i) there is an identified asset;
- (ii) the Company obtains substantially all of the economic benefits of the asset; and
- (iii) the Company has the right to direct the use of the asset.

The Company's operating lease agreements include office and warehouse space. ROU assets represent the right to use an underlying asset for the lease term and operating lease liabilities represent the obligation to make payments arising from the lease or embedded lease. Operating lease ROU assets and operating lease liabilities are recognized at commencement date based on the present value of the future minimum lease payments over the lease term. As most leases do not provide an implicit rate, the Company uses an incremental borrowing rate that is based on the estimated rate of interest for a collateralized borrowing of a similar asset, using a similar term as the lease payments at the commencement date. Indirect capital costs are capitalized and included in the ROU assets at commencement.

The operating lease ROU assets and operating lease liabilities include any lease payments made, including any variable amounts that are based on an index or rate, and exclude lease incentives. Variability that is not due to an index or rate, such as payments made based on hourly rates, are excluded from the lease liability. Lease terms may include options to extend or terminate the lease.

Renewal option periods are included within the lease term and the associated payments are recognized in the measurement of the operating ROU asset and operating lease liability when they are at our discretion and considered reasonably certain of being exercised. Over the lease term, the Company uses the effective interest rate method to account for the lease liability as lease payments are made and the ROU asset is amortized in a manner that results in straight-line expense recognition.

Net Loss per Share

Net earnings or loss per share is computed by dividing net income or loss by the weighted-average number of common shares outstanding during the period, excluding shares subject to redemption or forfeiture. The Company presents basic and diluted net earnings or loss per share. Diluted net earnings or loss per share reflect the actual weighted average of common shares issued and outstanding during the period, adjusted for potentially dilutive securities outstanding. Potentially dilutive securities are excluded from the computation of the diluted net loss per share if their inclusion would be anti-dilutive. As all potentially dilutive securities are anti-dilutive as of September 30, 2024 and 2023, diluted net loss per share is the same as basic net loss per share for each period. Potentially dilutive items outstanding as of September 30, 2024 and 2023 is as follows:

	September 30,	
	2024	2023
Common stock warrants	4,474,524	13,911
Preferred stock warrants	-	128,819
Stock options	1,521,585	1,594,800
Shares related to recourse and non-recourse loans	112,490	326,839
Unvested restricted stock units	4,814,060	-
Total potentially dilutive shares	<u>10,922,659</u>	<u>2,064,369</u>

Recently Adopted Accounting Pronouncements

Changes to U.S. GAAP are established by the Financial Accounting Standards Board (the "FASB"), in the form of Accounting Standards Updates ("ASUs"), to the FASB's ASC. The Company will adopt these changes according to the various timetables the FASB specifies.

There were no recently adopted accounting standards which had a material impact on the Company's consolidated financial position, results of operations, changes in stockholders' equity and cash flows.

New Accounting Pronouncements Not Yet Adopted

In December 2023, the FASB issued ASU 2023-09, Income Taxes (Topic 740) - Improvements to Income Tax Disclosures, which requires greater disaggregation of income tax disclosures related to the income tax reconciliation and income taxes paid. The amendments improve the transparency of income tax disclosures by requiring (1) consistent categories and greater disaggregation of information in the rate reconciliation and (2) income taxes paid disaggregated by jurisdiction. The new standard is effective for annual periods beginning after December 15, 2024, and early adoption is permitted. The Company believes the amendments of ASU 2023-09 will not have a significant impact on the Company's consolidated financial statements and will include all required disclosures upon adoption.

In November 2023, the FASB issued ASU 2023-07, Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures, which requires disclosure of incremental segment information on an annual and interim basis, primarily disclosure of significant segment expense categories and amounts for each reportable segment. The new standard is effective for annual periods beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. The Company will adopt ASU 2023-07 in the annual financial statements for the twelve months ended December 31, 2024, and for interim periods beginning in 2025. The Company believes the amendments of ASU 2023-07 will not have a significant impact on the Company's consolidated financial statements and will include all required disclosures upon adoption.

4. FAIR VALUE MEASUREMENTS

The Company's financial assets and liabilities subject to fair value measurements on a recurring basis and the level of inputs used for such measurements were as follows:

There were no Level 1, 2 or 3 assets or liabilities as of September 30, 2024 or December 31, 2023.

Derivative Liability

In connection with the Company's convertible notes, the Company recorded a derivative liability (see Note 6). The estimated fair value of the derivative liability is recorded using significant unobservable measures and other fair value inputs and is therefore classified as a Level 3 financial instrument.

The fair value of the derivative liability was valued using a probability-weighted scenario analysis utilizing the terms of the notes under the with-or-without method. The Company determined a 100% probability of conversion into equity as the notes were converted into shares of common stock upon the Offering in April 2024.

The following table presents changes in Level 3 liabilities measured at fair value for the nine months ended September 30, 2024:

	Embedded Derivative Liability
Outstanding as of December 31, 2023	\$ -
Issuance of embedded derivative liability	1,489,000
Change in fair value	221,560
Conversion to common stock	(1,710,560)
Outstanding as of September 30, 2024	<u>\$ -</u>

Upon the Offering in April 2024, all the convertible notes, including principal and accrued interest, were converted into 2,104,562 shares of common stock. Accordingly, the related derivative liability was converted into additional paid-in capital.

5. PROPERTY AND EQUIPMENT, NET

The following is a summary of property and equipment, net:

	September 30, 2024	December 31, 2023
Office equipment	\$ 256,794	\$ 250,661
Robot assets	2,092,293	2,092,293
Robot build construction-in-process	5,388,266	—
Total	7,737,353	2,342,954
Less: accumulated depreciation	(2,331,092)	(2,294,532)
Property and equipment, net	\$ 5,406,261	\$ 48,422

Depreciation expense was \$9,060 and \$465,640 for the three months ended September 30, 2024 and 2023, and \$36,560 and \$1,396,919 for the nine months ended September 30, 2024 and 2023, respectively.

6. NOTE PAYABLE

Silicon Valley Bank

As of September 30, 2024 note payable, net of unamortized discounts was zero, compared to \$1,230,933 at December 31, 2023. During the nine months ended September 30, 2024 and 2023, the Company made repayments of \$1,250,000 and \$750,000, respectively. During the nine months ended September 30, 2024 and 2023, amortization of debt discount was zero and \$12,250, respectively.

Note Payable – Related Party

In December 2023, the Company issued a senior secured promissory note to its Chief Executive Officer for which Serve received \$70,000 in proceeds. The note bore interest at 7.67% per annum. The note was fully repaid on January 3, 2024.

Convertible Note Payable

At various dates in January 2024, the Company issued to certain accredited investors convertible promissory notes in an aggregate amount of \$5,014,500, for which the Company received \$4,844,625 in net proceeds (the “January Notes”). As a result, the Company incurred fees of \$169,875 which was recorded as a debt discount. The January Notes bore interest at a rate of 6.00% per year, compounded annually, and were due and payable upon request by each investor on or after the 12-month anniversary of the original issuance date of each note. The Company may not prepay or repay the January Notes in cash without the consent of the investors. The January Notes were to convert upon a qualified offering into common stock at the lesser of the price paid per share multiplied by 75% or the quotient resulting from dividing \$80,000,000 by the outstanding shares of common stock on a fully diluted basis prior to the financing (the “Conversion Price”). Upon the closing of the Offering in April 2024, the January Notes, including accrued interest, were converted into 2,104,562 shares of common stock at a conversion price of \$2.42 per share.

The Company evaluated the terms of the conversion features of the January Notes as noted above in accordance with ASC Topic No. 815 - 40, *Derivatives and Hedging - Contracts in Entity's Own Stock*, and determined they are not indexed to the Company's common stock and that the conversion feature, which is akin to a redemption feature, meets the definition of a liability. The January Notes contain an indeterminate number of shares to settle with conversion options outside of the Company's control. Therefore, the Company bifurcated the conversion feature and accounted for it as a separate derivative liability. Upon issuance of the January Notes, the Company recognized a derivative liability at a fair value of \$1,489,000, which is recorded as a debt discount and was amortized over the life of the January Notes. Upon the closing of the Offering, the derivative liability had a fair value of \$1,710,560, which was reclassified to additional paid-in capital in connection with the conversion of the underlying the January Notes.

As a result of the January Notes, the Company recognized an aggregate debt discount of \$1,658,875 through September 30, 2024, amortized to interest expense.

During the three months ended September 30, 2024, the Company incurred no interest expense pertaining to the January Notes, compared to the \$78,540 in interest expense for the nine months ended September 30, 2024, all of which were converted into common stock in April 2024.

Upon the closing of the Offering in April 2024, the outstanding principal and accrued interest of the January Notes converted into 2,104,562 shares of common stock. Accordingly, the related derivative liability was recorded into additional paid-in capital. See Note 7.

In connection with the issuance of the January Notes, the Company granted the placement agent warrants to purchase (the “Convertible Promissory Notes Offering Warrants”) to purchase common stock equal to 10% of the number of shares of common stock into which the January Notes sold to investors introduced by the placement agent are initially convertible. The Convertible Promissory Notes Offering Warrants are exercisable at the same price as the Conversion Price. Upon closing of the Offering, the Company issued the Convertible Promissory Notes Offering Warrants to purchase up to 63,479 shares of common stock at an exercise price of \$2.42 per share. The Convertible Promissory Notes Offering Warrants expire on April 17, 2029. The Convertible Promissory Notes Offering Warrants include customary anti-dilution provisions. During the three months ended September 30, 2024, 62,388 of 63,479 warrants exercised into shares of common stock.

7. STOCKHOLDERS’ EQUITY

Each share of common stock entitles the holder to one vote on all matters submitted to a vote of the Company’s stockholders. Common stockholders are not entitled to receive dividends, unless declared by the Company’s board of directors.

The Representative’s Warrant expire on April 17, 2029.

Upon closing of the Offering, the January Notes converted into 2,104,562 shares of common stock based upon a conversion price of \$2.42 per share.

In April 2024, the Company issued 18,341 shares of common stock pursuant to cashless exercises of warrants.

In May 2024, 17,936 common stock options were exercised for proceeds of \$8,757.

Pursuant to the July Purchase Agreement, the Company sold 2,500,000 July Pre-Funded Warrants with each July Pre-Funded Warrant exercisable for one share of common stock, together with July Investor Warrants to purchase up to 2,500,000 shares of common stock. In consideration for the immediate exercise in full of the existing warrants, the exercise holder received new warrants (the “August Exchange Warrants”) to purchase 2,200,000 shares of common stock with an exercise price of \$10.00 per share. The August Exchange Warrants became exercisable immediately upon issuance and will expire five and a half years from the date of issuance. The Company received net proceeds of \$18.6 million pursuant to the August Purchase Agreement.

Restricted Common Stock and Restricted Stock Units

During 2022, the Company issued 338,121 shares of restricted common stock for recourse notes totaling \$164,116. The shares were issued with a corresponding note receivable, a recourse loan that was collateralized by the underlying shares. The Company planned to enforce the recourse terms for the holders. As such, in accordance with ASC 505-10-45-2, the Company recognized a subscription receivable of \$165,719, inclusive of interest on the note, which is included as a contra-equity on the Company's consolidated balance sheets. The Company recorded a corresponding restricted stock award liability of \$162,747 for the potential settlement if the call right for the shares of restricted common stock is exercised and unvested shares repurchased. The Company reduced the liability and increased additional paid-in capital for the value of the note associated with vested shares no longer subject to the call right. In June 2024, the Company forgave one recourse loan, and due to the lack of enforcement, the remaining loans were deemed nonrecourse. Accordingly, the Company extinguished restricted stock award liability and the related subscription receivable related to loans previously classified as recourse loans. In accordance with ASC 718, these actions were deemed award modifications. The Company recognized \$204,272 in stock based compensation related to the incremental value of the award and an additional \$11,503 related to the change in classification; all of which was included in general and administrative expense in the consolidated statements of operations.

9. COMMITMENTS AND CONTINGENCIES

Leases – Right of Use Asset and Liability

The Company's operating lease agreements include office and warehouse space. ROU assets represent the right to use an underlying asset for the lease term and operating lease liabilities represent the obligation to make payments arising from the lease or embedded lease. Operating lease ROU assets and operating lease liabilities are recognized at commencement date based on the present value of the future minimum lease payments over the lease term. As most leases do not provide an implicit rate, the Company uses an incremental borrowing rate that is based on the estimated rate of interest for a collateralized borrowing of a similar asset, using a similar term as the lease payments at the commencement date. Indirect capital costs are capitalized and included in the ROU assets at commencement.

The components of lease costs are as follows:

Type	Financial Statement Line Item	Three Months Ended September 30,		Nine Months Ended September 30,	
		2024	2023	2024	2023
Operating lease	General and administrative	\$ 8,863	\$ (136,226)	\$ 26,588	\$ 275,544
Operating lease	Operations	339,615	326,462	502,942	326,462

Total lease costs		<u>\$ 411,817</u>	<u>\$ 344,800</u>	<u>\$ 662,223</u>	<u>\$ 756,570</u>

Prior period amounts have been reclassified to conform to current period presentation.

Weighted-average remaining lease term (in years)	0.93	1.30
Weighted-average discount rate	7.25%	7.25%

In June 2023, the Company entered in two equipment lease agreements for its robot assets for an aggregate commitment amount of approximately \$11.60 million. The agreements have an initial term of two years and will require security deposits of approximately \$930,000, which is not due until initial funds are drawn. The Company has the option to purchase the assets at the end of the lease for 35%- 40% of the original equipment cost. As of September 30, 2024, no amount has been drawn under these agreements.

Finance Lease – Failed Sales-Leaseback

In November 2022, the Company entered into a lease agreement with Farnam Capital for its robot assets. As per ASC 842-40-25-1, the transaction was considered a failed sales-leaseback and therefore the lease was accounted for as a financing agreement. The outstanding liability at September 30, 2024 was \$1,042,093. The Company has the option to purchase the assets at the end of the lease for 45% of the original equipment cost.

Commitments

On December 31, 2021, the Company entered into a strategic supply agreement with a manufacturer of component parts used for the Company’s robot assets. The agreement originally called for the Company to make a minimum of \$2.30 million in purchases over a two-year period ending December 2023. At the end of the two-year period, the manufacturer was permitted to invoice the Company for any shortfall in orders. This agreement was extended in January 2024, pursuant to which half of the required \$2.30 million is to be purchased in 2024 and the other half by December 31, 2025. The Company has minimum spend agreements related to simulation software and storage services. The purchase commitments extend for a period of two to three years.

Contingencies

The Company may be subject to pending legal proceedings and regulatory actions in the ordinary course of business. The results of such proceedings cannot be predicted with certainty, but the Company does not anticipate that the final outcome, if any, arising out of any such matters will have a material adverse effect on its business, financial condition or results of operations.

10. SUBSEQUENT EVENTS

On November 7, 2024, the company entered into an asset purchase agreement (the “Agreement”) with Vebu, Inc. (“Vebu”), pursuant to which it agreed to acquire substantially all of the assets of Vebu, consisting of primarily to the Seller’s Autocado product line and other assets (the “Assets”) subject to customary closing conditions.

Overview

We are shaping the future of sustainable, self-driving delivery. We design, develop and operate low-emissions robots that serve people in public spaces, starting with food delivery. Starting in 2017, our core technology was developed by our co-founders and a majority of our product and engineering team in San Francisco, California as a special project within Postmates Inc. ("Postmates"), one of the pioneering food delivery startups in the United States. By the end of 2020, the team had developed a fleet of sidewalk robots that had successfully performed over 10,000 commercial deliveries for Postmates in California, augmenting Postmates' fleet of human couriers. Postmates was acquired by Uber Technologies, Inc. ("Uber") in 2020, and in February of 2021, Uber's leadership team agreed to contribute the intellectual property developed by the team and assets relating to this project. In return for this contribution and an investment of cash into the Company, Uber acquired a minority equity interest in our business.

Recent Developments

Reverse Merger

On July 31, 2023, Patricia Acquisition Corp., Serve Acquisition Corp., a corporation formed in the State of Delaware on July 10, 2023 ("Acquisition Sub"), and Serve entered into a merger agreement (the "Merger Agreement"). Pursuant to the terms of the Merger Agreement, Acquisition Sub merged with and into Serve, with Serve continuing as the surviving corporation and our wholly owned subsidiary. As a result of the Merger, we acquired the business of Serve and will continue the existing business operations of Serve as a public reporting company under the name Serve Robotics Inc. Concurrently therewith, Serve was renamed Serve Operating Co. The Merger was treated as a recapitalization and reverse acquisition for us for financial reporting purposes and Serve is considered the acquirer for accounting purposes. As a result of the Merger and the change in our business and operations, a discussion of the past financial results of Patricia Acquisition Corp. is not pertinent, and under applicable accounting principles, the historical financial results of Serve, the accounting acquirer, prior to the Merger are considered our historical financial results.

Public Offering

On April 17, 2024, the Company entered into an underwriting agreement (the "Underwriting Agreement") with Aegis Capital Corp. ("Aegis") in connection with the public offering of 10,000,000 shares of the Company's common stock at a public offering price of \$4.00 per share (the "Offering"). The Company's net proceeds from the Offering, after deducting the underwriting discount and other estimated offering expenses payable by the Company, were approximately \$35.8 million. As a result of the Offering, the Company's common stock commenced trading on The Nasdaq Capital Market under the ticker symbol "SERV".

Pursuant to the Underwriting Agreement, at the closing of the Offering on April 22, 2024, the Company issued to Aegis a warrant to purchase 500,000 shares of common stock (the "Representative's Warrant"). The Representative's Warrant is exercisable at a per share exercise price equal to \$5.00 and became exercisable at any time and from time to time, in whole or in part, on October 14, 2024. The Representative's Warrant expires on April 17, 2029.

Convertible Notes

At an initial closing on January 2, 2024 and at subsequent closings on January 12, 2024, January 22, 2024 and January 26, 2024, the Company issued to certain accredited investors convertible promissory notes of an aggregate amount of \$5,014,500, for which the Company received \$4,844,625 in net proceeds (the "January Notes"). As a result, the Company incurred fees of \$169,875 which was recorded as a debt discount in the unaudited condensed consolidated financial statements. The convertible promissory notes bore interest at a rate of 6.00% per year, compounded annually, and were due and payable upon request by each investor on or after the 12-month anniversary of the original issuance date of each note. The terms of the January Notes required the January Notes to be converted into shares of common stock upon a qualified offering (as defined in the January Notes) at the lesser of the price paid per share multiplied by 75% or the quotient resulting from dividing \$80,000,000 by the outstanding shares of common stock on a fully diluted basis immediately prior to the qualified offering.

Upon closing of the Offering, the January Notes converted into 2,104,562 shares of common stock based upon a conversion price of \$2.42 per share, and 3,542 shares of our common stock were issued upon exercise of warrants. Furthermore, the Company granted 63,479 warrants to purchase common stock to the placement agent of the January Notes at an exercise price of \$2.42 per share.

On February 1, 2024, Serve entered into a Master Services Agreement (the “MSA”) with Magna New Mobility USA, Inc. (“Magna”), retroactively effective as of January 15, 2024.

In connection with the strategic partnership with Magna, on February 7, 2024, the Company issued to Magna a warrant (the “Magna Warrant”) to purchase up to 2,145,000 shares of its common stock (the “Magna Warrant Shares”), subject to at an exercise price of \$0.01 per share. The Magna Warrant was issued pursuant to a production agreement executed in connection with the MSA between the parties in April 2024 whereby Magna will assist the Company in assembly of robotic delivery vehicles.

The Magna Warrant is exercisable in two equal tranches: (i) the first tranche became exercisable on May 15, 2024; and (ii) the second tranche will become exercisable upon Magna’s achievement of a certain manufacturing milestone as set forth in a production and purchase agreement to be entered into with respect to the contract manufacturing of our autonomous delivery robots by Magna or its affiliates. Notwithstanding the foregoing, the Magna Warrant Shares will vest and become exercisable upon any “change of control” (as defined in the Magna Warrant).

The fair value of the Magna Warrant was \$8,566,184 as determined using the Black-Scholes option pricing method.

Outlook And Challenges Facing Our Business

There are a number of industry factors that affect our business which include, among others:

Overall Demand for Last Mile Delivery on Partner Platforms.

Our potential for growth depends significantly on continued demand for last-mile delivery of food and other items on our partner platforms. This demand can fluctuate based on various market cycles, weather and local community health conditions, as well as evolving competitive dynamics. Our largest stream of projected revenue comes from maximizing utilization of our robots to perform deliveries on our partner platforms. Matching algorithms on these platforms as well as the extent of their merchant and end-customer participation in robotic delivery directly impacts the utilization rate of our robots, both of which can be challenging to predict. These uncertainties make demand difficult to forecast for us and our partners.

Customer Concentration.

One customer accounted for 78% and 86% of the Company’s revenue during the three months ended September 30, 2024, and 2023, respectively. During the nine months ended September 30, 2024, one customer accounted for 72% of the Company’s revenue. In the same period in 2023, a different customer accounted for 68% of the Company’s revenue. As of September 30, 2024, one customer accounted for 88% of the accounts receivable. We currently have a limited number of customers. If either of our significant customers were to breach, cancel or amend our agreements with them, it may have an outsized effect on our revenue, cash on hand and profitability. Our business development team is actively pursuing new delivery and branding customers to diversify our customer base.

Inflation and Market Considerations; Availability of Materials, Labor & Services.

We consider most on-demand purchases as discretionary spending for consumers, and we are therefore susceptible to changes in discretionary spending patterns and economic slowdowns in the geographic areas in which merchants on our partners' platforms operate, and in the economy at large. Discretionary consumer spending can be impacted by general economic conditions, unemployment, consumer debt, inflation, rising gasoline prices, interest rates, consumer confidence and other macroeconomic factors. Inflation can lead to increased cost of material and labor for restaurants and merchants who may in turn raise prices on the item they sell, potentially resulting in a reduction in demand for those items. To the extent inflation reduces economic activity and consumer demand for items we deliver, it could negatively impact our financial results. Continued uncertainty in or a worsening of the economy, generally or in a number of our markets, and consumers' reactions to these trends, could adversely affect our business and cause us to, among other things, reduce the number and frequency of new market openings or cease operations in existing markets. It is important to note, however, that inflation can also serve as a tailwind that would accelerate the adoption of automated robotic last mile delivery as labor becomes more expensive and drives up the cost of delivery by humans.

Intellectual Property.

We rely on patented and non-patented proprietary information relating to product development, manufacturing capabilities and other core competencies of our business. Protection of intellectual property is critical. Therefore, steps such as additional patent applications, confidentiality and non-disclosure agreements, as well as other security measures, are important. While we believe we have a strong patent portfolio and there is no actual or, to our knowledge, threatened litigation against us for patent-related matters, litigation or threatened litigation is a common method to effectively enforce or protect intellectual property rights. Such action may be initiated by or against us and would require significant management time and expenses.

Supply Chain Constraints.

The global supply shortage of electrical components, including semiconductor chips and other hardware components essential to the manufacturing and maintenance of our robots, continued to impact our supply chain throughout 2024. As a result, we experienced increases in our lead times and costs for certain components to build our robots. We cannot be sure whether global supply chain shortages will impact our future robot build plans. In order to mitigate supply chain risks, we would need to incur higher costs to secure available inventory and place non-cancellable purchase commitments with our suppliers, which could introduce inventory risk if our forecasts and assumptions prove inaccurate. Higher costs of components would impact our cash runway and delays in the manufacturing of our robots would push out our revenue forecasts.

Governmental and Regulatory Conditions.

Our potential for growth depends on continued permission and acceptance by local governments and municipalities where our robots perform deliveries. Changes in regulations such as the imposition of a cap on the number of robots or technical requirements such as robot size and weight restrictions or limitations on autonomy within a certain geographic area could reduce or limit our ability to generate revenues and/or impact our unit economics in those markets.

Future Prospects.

We anticipate that we will continue to experience operating losses in 2024 and 2025 as we seek to implement our long-term strategic plan, including research and development spending, scaling our robotic fleet, expanding our sales and business development efforts, and increasing our overall headcount in order to achieve efficiencies through scaled growth. Our goal over the next two years is to scale our operating fleet and expand our geographic coverage to new markets beyond our current operating area in Los Angeles. With such an increase, we anticipate proportional increases in capital costs, overhead and operating expenses. Our ability to initially achieve profitability is dependent upon numerous factors, including the development of revenues, general business and economic conditions, and other risks and uncertainties, including those listed under the caption "*Risk Factors*" elsewhere in this Quarterly Report.

Revenues increased \$0.16 million to \$0.22 million for the three months ended September 30, 2024, compared to \$0.06 million for the same period in 2023. The increase is primarily due to an increase in delivery and branding revenue. The Company recognized increases in delivery and branding revenues of \$0.12 million to \$0.18 million for the three months ended September 30, 2024, compared to \$0.06 million for the same period in 2023.

Cost of revenues decreased \$0.20 million to \$0.38 million for the three months ended September 30, 2024, compared with \$0.57 million for the same period in 2023 due primarily to a decrease in depreciation expense.

General and administrative expenses increased \$0.55 million to \$1.98 million for the three months ended September 30, 2024, from \$1.43 million for the same period in 2023, due primarily to an increase in headcount and public company fees.

Operations expenses increased \$0.36 million to \$0.92 million for the three months ended September 30, 2024, from \$0.56 million for the same period in 2023, due primarily to an increase in headcount and stock-based compensation expense.

Research and development expenses increased \$2.05 million for the three months ended September 30, 2024 to \$5.01 million, compared to \$2.96 million for the same period in 2023. This increase was due primarily to stock compensation attributable to the Magna Warrant for \$1.12 million recognized during the three months ended September 30, 2024, as well as increased expenses for headcount and related stock-based compensation.

Sales and marketing expenses increased \$0.27 million to \$0.38 million for the three months ended September 30, 2024, from \$0.12 million for the same period in 2023, due primarily to an increase in investor relations expense and stock-based compensation expense.

Interest income (expense), net increased \$1.93 million to income of \$0.45 million for the three months ended September 30, 2024, from expense of \$1.48 million for the same period in 2023, due primarily to interest earned on bank deposits and decreasing interest on outstanding debt balances.

There was no change in the fair value of derivative for the three months ended September 30, 2024, compared to \$0.15 million expense for the three months ended September 30, 2023. The decrease in expense was due to the April 2023 convertible notes which were converted into shares of common stock upon the Merger.

There was no change in fair value of the simple agreements for future equity (“SAFEs”) for the three months ended September 30, 2024, compared with \$0.44 million for the three months ended September 30, 2023. The decrease in expense is related to no longer having SAFE agreements.

Interest income (expense), net increased \$2.48 million to income of \$1.14 million for the nine months ended September 30, 2024, from expense of \$2.02 million for the same period in 2023, due primarily to interest earned on bank deposits and decreasing interest on outstanding debt balances.

The change in the fair value of derivative was \$0.22 million for the nine months ended September 30, 2024, compared with \$0.15 million for the same period in 2023. The increase in expense was due to the January 2024 Notes which were converted into shares of common stock upon the Offering.

Key Metrics

We regularly review the following key business metrics to evaluate our business, measure our performance, identify trends affecting our business, formulate business plans and make strategic decisions:

Key Metrics	Three Months Ended September 30,		Nine Months Ended	
	2024	2023	2024	2023
	(Unaudited)	(Unaudited)	(Unaudited)	(Unaudited)
Daily Active Robots ⁽¹⁾	59	30	49	27
Daily Supply Hours ⁽²⁾	465	224	384	188

Daily Active Robots: We define daily active robots as the average number of robots performing daily deliveries during the period. Daily active robots reflect our operation team’s capacity to have active robots in the field performing deliveries and/or generating branding revenues. We closely monitor and strive to increase our daily active robots efficiently as we improve our autonomy and resultant human-to-robot ratios and increase the number of merchants and brand advertisers on our platform.

Daily Supply Hours: We define daily supply hours as the average number of hours our robots are ready to accept offers and perform daily deliveries during the period. Supply hours represent the aggregate number of robot hours per day during which we can utilize our robots for delivery. Supply hours increase as we add active robots and increase the operating window of those robots in a day. We closely monitor and strive to efficiently increase our fleet’s daily supply hours.

Liquidity and Capital Resources

Our cash and cash equivalents generated by financing activities are our primary source of liquidity. As of September 30, 2024, we had \$50.91 million in cash and cash equivalents. Cash and cash equivalents consist of highly liquid investments with original maturities of 90 days or less at the time of purchase.

On April 17, 2024, the Company entered into an underwriting agreement with Aegis Capital Corp. (“Aegis”) in connection with the public offering of 10,000,000 shares of the Company’s common stock at a public offering price of \$4.00 per share (the “Offering”). The Company’s net proceeds from the Offering, after deducting the underwriting discount and other estimated offering expenses payable by the Company, were approximately \$35.8 million.

On July 23, 2024, the Company entered into a Securities Purchase Agreement (the “July Purchase Agreement”) with a certain accredited and institutional investor for a private placement offering of pre-funded warrants (the “July Pre-Funded Warrants”) to purchase shares of the Company’s common stock and warrants exercisable for common stock (the “July Investor Warrants”). Pursuant to the July Purchase Agreement, the Company sold 2,500,000 July Pre-Funded Warrants with each July Pre-Funded Warrant exercisable for one share of common stock, together with the July Investor Warrants to purchase up to 2,500,000 shares of common stock. Each July Pre-Funded Warrant and accompanying July Investor Warrant were sold together at a combined offering price of \$5.9999. The Company received net proceeds of \$13.7 million pursuant to the July Purchase Agreement.

On August 27, 2024, the Company entered into a Securities Purchase Agreement (the “August Purchase Agreement”) with a certain accredited and institutional investor for a private placement offering of pre-funded warrants (the “August Pre-Funded Warrants”) to purchase shares of the Company’s common stock and warrants exercisable for shares of common stock (the “August Investor Warrants”). Pursuant to the August Purchase Agreement, the Company sold 555,555 August Pre-Funded Warrants, with each August Pre-Funded Warrant exercisable for one share of common stock, together with the August Investor Warrants to purchase up to 555,555 shares of common stock. Each August Pre-Funded Warrant and accompanying August Investor Warrant were sold together at a combined offering price of \$8.9999. The July Investor Warrants were exercised in full for 2,500,000 shares of common stock. In consideration for the immediate exercise in full of the existing warrants, the exercise holder received new warrants (the “Exchange Warrants”) to purchase 2,200,000 shares of common stock with an exercise price of \$10.00 per share. The Exchange Warrants are exercisable immediately and will expire five and a half years from the date of issuance. The Company received net proceeds of \$18.65 million pursuant to the August Purchase Agreement.

We will need additional capital to fund our operations which include our research and development and general and administrative expenses, which we may obtain from additional financings, public offerings, research funding, additional collaborations, contract and grant revenue or other sources.

Our ability to continue as a going concern is dependent on our ability to raise adequate capital to fund operating losses until we can generate liquidity from our business operations. To the extent sufficient financing is not available, we may not be able to, or may be delayed in, developing our offerings and meeting our obligations. We will continue to evaluate our projected expenditures relative to our available cash and evaluate financing alternatives in order to satisfy our working capital and other cash requirements.

Cash Flows

As of September 30, 2024, our cash and cash equivalents were \$50.91 million. The following table shows a summary of our cash flows for the periods presented in millions:

	Nine Months Ended September 30,		Change
	2024	2023	
Cash used in operating activities	\$ (15.28)	\$ (12.29)	\$ (2.98)
Cash used in investing activities	\$ (5.39)	\$ 0.00	\$ (5.39)
Cash from financing activities	\$ 71.58	\$ 13.08	\$ 58.50

Operating Activities

Net cash used in operating activities was \$15.28 million and \$12.29 million for the nine months ended September 30, 2024, and 2023, respectively. The increase of \$2.98 million was primarily due to a larger net loss of \$8.00 million, offset by \$9.63 million increase in stock-based compensation.

Investing Activities

Net cash used in investing activities was \$5.39 million and \$0.0 million for the nine months ended September 30, 2024 and 2023, respectively. The increase of \$5.39 million was mainly due to robot build construction in-process.

Financing Activities

Net cash provided by financing activities was \$71.58 million and \$13.08 million for the nine months ended September 30, 2024, and 2023, respectively. The increase of \$58.50 million was due to \$35.8 million from proceeds of issuance of common stock pursuant to offering, net of issuance costs, \$17.12 million from proceeds from issuance of prefunded warrants to purchase common stock in connection with private placement, net of issuance costs, \$16.32 million from proceeds from the exercise of warrants, partially offset by repayments of lease liability for Silicon Valley Bank (as more fully described below).

Indebtedness

In March 2022, we entered into a term loan with Silicon Valley Bank for gross proceeds of \$2.50 million with a maturity date of March 1, 2025. The loan accrues interest at the greater of 3.25% per annum or prime rate. Principal payments commenced on October 1, 2022, and the loan was repaid in full as of September 30, 2024.

In June 2022, we entered into an equipment financing lease agreement with Farnam Street commencing November 2022, for the cost of building robots, calling for 24 monthly payments of approximately \$0.19 million based on an expected total cost of \$4.46 million of robot parts and manufacturing costs. In December 2023, the agreement was modified to require three monthly repayments of approximately \$0.03 million each and 12 monthly repayments of approximately \$0.19 million each, subject to certain terms and effective in January 2024.

Off-Balance Sheet Transactions

We did not have during the periods presented, and we do not currently have, any off-balance sheet financing arrangements or any relationships with unconsolidated entities or financial partnerships, such as structured finance or special purpose entities that were established for the purpose of facilitating off-balance sheet arrangements or other contractually narrow or limited purposes.

Critical Accounting Estimates

There have been no material changes in our critical accounting policies from those disclosed in our Annual Report on Form 10-K for the year ended December 31, 2023.

Emerging Growth Company and Smaller Reporting Company Status

We are an “emerging growth company,” as defined in the JOBS Act. The JOBS Act provides that an emerging growth company can take advantage of an extended transition period for complying with new or revised accounting standards. This provision allows an emerging growth company to either early adopt or delay the adoption of some accounting standards until those standards would otherwise apply to private companies. We have elected to use the extended transition period under the JOBS Act until the earlier of the date we (i) are no longer an emerging growth company or (ii) affirmatively and irrevocably opt out of the extended transition period provided in the JOBS Act. As a result, our financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

We are also a “smaller reporting company” meaning that the market value of our stock held by non-affiliates is less than \$700 million and our annual revenue was less than \$100 million during the most recently completed fiscal year. We may continue to be a smaller reporting company if either (i) the market value of our stock held by non-affiliates is less than \$250 million or (ii) our annual revenue was less than \$100 million during the most recently completed fiscal year and the market value of our stock held by non-affiliates is less than \$700 million. If we are a smaller reporting company at the time we cease to be an emerging growth company, we may continue to rely on exemptions from certain disclosure requirements that are available to smaller reporting companies. Specifically, as a smaller reporting company we may choose to present only the two most recent fiscal years of audited financial statements in our Annual Report on Form 10-K and, similar to emerging growth companies, smaller reporting companies have reduced disclosure obligations regarding executive compensation.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are a smaller reporting company, as defined in Rule 12b-2 under the Exchange Act, for this reporting period and are not required to provide the information required under this item.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Under the supervision of and with the participation of our management, including our principal executive officer and our principal financial officer, we conducted an evaluation of the effectiveness of our disclosure controls and procedures as of September 30, 2024, the end of the period covered by this report on Form 10-Q. The term “disclosure controls and procedures,” as set forth in Rules 13a-15(e) and 15d-15(e) under the Exchange Act, means controls and other procedures of a company that are designed to provide reasonable assurance that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the rules and forms promulgated by the SEC. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the Company’s management, including its principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

In designing and evaluating our disclosure controls and procedures, management recognizes that disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Additionally, in designing disclosure controls and procedures, our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible disclosure controls and procedures. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with policies or procedures may deteriorate. Because of the inherent limitations in a control system, misstatements due to error or fraud may occur and not be detected.

As of September 30, 2024, we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)) pursuant to Rule 13a-15 of the Exchange Act. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are not effective.

Material Weaknesses in Internal Control Over Financial Reporting

As previously disclosed on our Annual Report on Form 10-K for the year ended December 31, 2023, although management did not conduct a formal assessment of internal control over financial reporting, in connection with the audits of our consolidated financial statements for the years ended December 31, 2023, and 2022, management has identified material weaknesses in internal control over financial reporting. Prior to the Merger, our size has prevented us from being able to employ sufficient resources to enable us to have an adequate level of supervision and segregation of duties. Therefore, management concluded that we did not have a comprehensive and formalized accounting and financial reporting policies and procedures manual which details the information needed for our financial reporting process and that we did not have a robust review process by which management could monitor for potential errors or technical accounting requirements, which resulted in material weaknesses in internal control over financial reporting as of December 31, 2023.

We intend to take measures to remediate the aforementioned material weaknesses, including, but not limited to, increasing the capacity of our qualified financial personnel to ensure that accounting policies and procedures are consistent across the organization and that we have adequate control over our Exchange Act reporting disclosures and implementing a formal policies and procedures manual for accounting and financial reporting. The material weaknesses will not be considered remediated until management designs and implements effective controls that operate for a sufficient period of time and management has concluded, through testing, that these controls are effective. Our management will monitor the effectiveness of our remediation plans and will make changes management determines to be appropriate.

Changes in Internal Controls over Financial Reporting

During the quarter ended September 30, 2024, there have been no changes in our internal control over financial reporting, as such term is defined in Rules 13a-15(f) and 15(d)-15(f) promulgated under the Exchange Act, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

3. *Fee.* The compensation to the Managers for sales of the Shares with respect to which the Managers act as sales agents hereunder shall be 3% of the gross offering proceeds of the Shares sold pursuant to this Agreement (the “**Selling Commission**”). For each sale of Shares, the amount of sale proceeds remaining after payment of the Selling Commission shall constitute the net proceeds to the Company for such sale of Shares (the “**Net Proceeds**”). The Company shall pay to the Managers, on the applicable Settlement Date, the Selling Commission for the applicable Shares sold by the Managers (which amount may be withheld by the Managers from the gross proceeds from the sale of such Shares). For the avoidance of doubt, any expense payment and reimbursement obligations of the Company set forth in Section 6(i) below shall be separate and independent obligations of the Company and shall not be deemed a credit or otherwise act to offset the compensation to the Managers pursuant to this Agreement.

4. *Payment, Delivery and Other Obligations.* Settlement for sales of the Shares pursuant to this Agreement will occur on the first Trading Day (or such earlier day as is industry practice for regular-way trading) following the date on which such sales are made (each such day, a “**Settlement Date**”). On each Settlement Date, the Shares sold through the Managers for settlement on such date shall be issued and delivered by the Company to the Managers against payment of the Net Proceeds from the sale of such Shares. Settlement for all such Shares shall be effected by free delivery of the Shares by the Company or its transfer agent to the Managers’ or their designee’s account (provided that the Managers shall have given the Company written notice of such designee prior to the applicable Settlement Date) at The Depository Trust Company or by such other means of delivery as may be mutually agreed upon by the parties hereto, which in all cases shall be freely tradable, transferable, registered shares in good deliverable form, in return for payment in same day funds delivered to the account designated by the Company. If the Company, or its transfer agent (if applicable), shall default on its obligation to deliver the Shares on any Settlement Date, then the Company shall (i) hold the Managers harmless against any loss, claim, damage, or expense (including reasonable legal fees and expenses), as incurred, arising out of or in connection with such default by the Company and (ii) pay the Managers any commission, discount or other compensation to which it would otherwise be entitled absent such default.

5. *Conditions to the Managers’ Obligations.* The obligations of the Managers are subject to the following conditions:

(a) Since the later of (A) the date of this Agreement and (B) the immediately preceding Representation Date: (i) there shall not have occurred any downgrading, nor shall any notice have been given of any intended or potential downgrading or of any review for a possible change that does not indicate the direction of the possible change, in the rating accorded any of the securities of the Company by any “nationally recognized statistical rating organization”, as such term is defined in Section 3(a)(62) of the Exchange Act; and (ii) there shall not have occurred any change, or any development reasonably likely to result in a Material Adverse Effect, from the respective dates of the Registration Statement, the Prospectus and the General Disclosure Package and that makes it, in the Managers’ sole judgment, impracticable to market the Shares on the terms and in the manner contemplated in the Prospectus.

(b) The Managers shall have received on each date specified in Section 6(l) a certificate, dated such date and signed by an executive officer of the Company, to the effect set forth in Section 5(a)(i) above and to the effect that (i) the representations and warranties of the Company contained in this Agreement are true and correct as of such date; (ii) the Company has complied with all of the agreements and satisfied all of the conditions on its part to be performed or satisfied hereunder on or before such date; (iii) no stop order suspending the effectiveness of the Registration Statement has been issued under the Securities Act and no proceedings for that purpose or pursuant to Section 8A of the Securities Act have been instituted or are pending or, to the knowledge of the Company, are contemplated by the Commission, and any request on the part of the Commission for additional information has been complied with; (iv) the Prospectus Supplement, any Interim Prospectus Supplement and each Permitted Free Writing Prospectus have been timely filed with the Commission under the Securities Act (in the case of a Permitted Free Writing Prospectus, to the extent required by Rule 433 under the Securities Act), and all requests for additional information on the part of the Commission have been complied with or otherwise satisfied; (v) as of such date and as of each Time of Sale, if any, subsequent to the immediately preceding Representation Date, the Registration Statement did not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading; and (vi) as of such date and as of each Time of Sale, if any, subsequent to the immediately preceding Representation Date, the General Disclosure Package did not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading; *provided, however*, that no such certificate shall apply to any statements or omissions made in reliance upon and in conformity with information furnished in writing to the Company by the Managers expressly for use in the General Disclosure Package. The officer signing and delivering such certificate may rely upon his or her knowledge as to proceedings threatened.

(c) The Managers shall have received on each date specified in Section 6(m) a certificate of the Secretary of the Company, dated such date, as described in Section 6(m).

(d) The Managers shall have received on each date specified in Section 6(m) an opinion and negative assurance letter of Orrick, Herrington & Sutcliffe LLP, outside counsel for the Company, dated such date, in form and substance reasonably satisfactory to the Managers, which opinion and negative assurance letter shall be rendered to the Managers at the request of the Company and shall so state therein.

(e) The Managers shall have received on each date specified in Section 6(n) an opinion and negative assurance letter of Faegre Drinker Biddle & Reath LLP, counsel for the Managers, dated such date, in form and substance reasonably satisfactory to the Managers.

(f) The Managers shall have received on each date specified in Section 6(o), letters dated such date in form and substance satisfactory to the Managers, from Company Auditor, current independent registered public accountant for the Company, (A) confirming that as of the date of its respective audit report(s), it was an independent registered public accounting firm within the meaning of the Securities Act, the Exchange Act and the Public Company Accounting Oversight Board, (B) stating, as of such date, the conclusions and findings of such firm with respect to the financial information and other matters ordinarily covered by accountants' "comfort letters" to underwriters in connection with registered public offerings (the first such letters from Company Auditor, the "**Initial Comfort Letter**") and (C) updating the Initial Comfort Letter with any information that would have been included in the Initial Comfort Letter had it been given on such date and modified as necessary to relate to the Registration Statement, the Prospectus Supplement, the Prospectus or any issuer free writing prospectus, as amended and supplemented to the date of such letter.

(g) All filings with the Commission required by Rule 424 under the Act to have been filed by each Time of Sale or related Settlement Date shall have been made within the applicable time period prescribed for such filing by Rule 424 (without reliance on Rule 424(b)(8)).

(h) The Shares shall have been approved for listing on the Exchange, subject only to a notice of issuance at or prior to the applicable Settlement Date.

6. *Covenants of the Company.* The Company covenants with the Managers as follows:

(a) To furnish to the Managers copies of the Registration Statement (excluding exhibits) and copies of the Prospectus (or the Prospectus, as amended or supplemented) in such quantities as the Managers may from time to time reasonably request. In case a Managers is required to deliver, under the Securities Act (whether physically or through compliance with Rule 172 under the Securities Act or any similar rule), a prospectus relating to the Shares after the nine-month period referred to in Section 10(a)(3) of the Securities Act, or after the time a post-effective amendment to the Registration Statement is required pursuant to Item 512(a) of Regulation S-K under the Securities Act, upon the request of the Managers, and at its own expense, the Company shall prepare and deliver to the Managers as many copies as the Managers may reasonably request of an amended Registration Statement or amended or supplemented prospectus complying with Item 512(a) of Regulation S-K or Section 10(a)(3) of the Securities Act, as the case may be.

Not to take any action that would result in the Managers or the Company being required to file with the Commission pursuant to Rule 433(d) under the Securities Act a free writing prospectus prepared by or on behalf of the Managers that the Managers otherwise would not have been required to file thereunder.

(c) To file, subject to Section 6(b) above, promptly all reports and any definitive proxy or information statements required to be filed by the Company with the Commission pursuant to Section 13(a), 13(c), 14 or 15(d) of the Exchange Act subsequent to the date of the Prospectus Supplement and for the duration of the Delivery Period. (f) If, after the date hereof and during the Delivery Period, either (i) any event shall occur or condition exist as a result of which the Prospectus would include any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading, or (ii) for any other reason it shall be necessary during such same period to amend or supplement the Prospectus or to file any document in order to comply with the Securities Act or the Exchange Act, to promptly advise the Managers by telephone (with confirmation in writing or electronic mail) and to promptly prepare and file, subject to Section 6(b) above, with the Commission an amendment or supplement to the Registration Statement or the Prospectus which will correct such statement or omission or effect such compliance and to furnish to the Managers as many copies as the Managers may reasonably request of such amendment or supplement.

(g) To endeavor to qualify the Shares for offer and sale under the securities or Blue Sky laws of such jurisdictions as the Managers shall reasonably request and to continue such qualifications in effect so long as necessary under such laws for the distribution of the Shares; *provided, however*, that the Company shall not be required to qualify as a foreign corporation or to consent to the service of process under the laws of any such jurisdiction (except service of process with respect to the offering and sale of the Shares).

(h) To make generally available to the Company's security holders and to the Managers as soon as practicable an earnings statement covering a period of at least 12 months beginning with the first fiscal quarter of the Company occurring after the date of this Agreement which shall satisfy the provisions of Section 11(a) of the Securities Act and Rule 158 under the Securities Act.

(k) To use its commercially reasonable efforts to cause the Shares to be listed for trading on the Exchange and to maintain such listing.

(l) Upon commencement of the offering of the Shares under this Agreement (and upon the recommencement of the offering of the Shares under this Agreement following a Suspension Period), and each time that (i) the Registration Statement or the Prospectus is amended or supplemented (other than a prospectus supplement relating solely to the offering of Shelf Securities other than the Shares) or (ii) there is filed with the Commission any document incorporated by reference into the Prospectus (other than a current report on Form 8-K, unless the Managers shall otherwise reasonably request) (such commencement date (and any such recommencement date, if applicable) and each such date referred to in (i) and (ii) above, a "**Representation Date**"), to furnish or cause to be furnished to the Managers forthwith a certificate dated and delivered as of such date (except that, in the case of clause (ii), the Company has up to two business days after the filing to furnish the certificate), in form reasonably satisfactory to the Managers, to the effect that the statements contained in the certificate referred to in Section 5(b) of this Agreement are true and correct at the time of such Representation Date, as though made at and as of such time modified as necessary to relate to the Registration Statement and the Prospectus as amended and supplemented to the time of delivery of such certificate.

(m) On each Representation Date, the Company shall furnish the Managers, in form and substance reasonably satisfactory to the Managers, a certificate executed by the Secretary of the Company, signing in such capacity, dated the date of delivery (i) certifying that attached thereto are true and complete copies of the resolutions duly adopted by the board of directors of the Company authorizing the execution and delivery of this Agreement and the consummation of the transactions contemplated hereby (including, without limitation, the issuance of the Shares pursuant to this Agreement), which authorization shall be in full force and effect on and as of the date of such certificate, and (ii) certifying and attesting to the office, incumbency, due authority and specimen signatures of each person who executed this Agreement for or on behalf of the Company, and (iii) containing any other certification that the Managers shall reasonably request (except that, in the case of clause (ii) of Section 6(l) above, the Company has up to two business days after the filing to furnish the secretary certificate to the Managers)¹

(n) On each Representation Date, the Company shall cause to be furnished to the Managers, dated as of such date, in form and substance satisfactory to the Managers, the written opinion and negative assurance letter of Orrick, Herrington & Sutcliffe LLP, outside counsel for the Company, as described in Section 5(d), modified as necessary to relate to the Registration Statement and the Prospectus, as amended and supplemented to the time of delivery of such opinion and negative assurance letter (except that, in the case of clause (ii) of Section 6(l) above, the Company has up to two business days after the filing to have the written opinions and negative assurance letters furnished to the Managers).

(o) On each Representation Date, Faegre Drinker Biddle & Reath LLP, counsel to the Managers, shall furnish to the Managers a written opinion and negative assurance letter, dated as of such date in form and substance reasonably satisfactory to the Managers (except that, in the case of clause (ii) of Section 6(l) above, Faegre Drinker Biddle & Reath LLP has up to two business days after the filing to have the written opinions and negative assurance letters furnished to the Managers).

With respect to Sections 6(n) and 6(o) above, in lieu of delivering such an opinion for dates subsequent to the commencement of the offering of the Shares under this Agreement such counsel may furnish the Managers with a letter (a “**Reliance Letter**”) to the effect that the Managers may rely on a prior opinion delivered under Section 6(n) or Section 6(o), as the case may be, to the same extent as if it were dated the date of such letter (except that statements in such prior opinion shall be deemed to relate to the Registration Statement and the Prospectus as amended or supplemented as of such subsequent date).

(p) Upon commencement of the offering of the Shares under this Agreement (and upon the recommencement of the offering of the Shares under this Agreement following a Suspension Period) and each time that (i) the Registration Statement or the Prospectus is amended or supplemented to include additional financial information, (ii) the Company files an annual report on Form 10-K or quarterly report on Form 10-Q, (iii) there is furnished to the Commission by the Company any document which contains additional or amended financial information, including any earnings release or, (iv) there is filed with the Commission any document (other than an annual report on Form 10-K or quarterly report on Form 10-Q) incorporated by reference into the Prospectus which contains additional or amended financial information, Company Auditor shall deliver to the Managers the comfort letter described in Section 5(e) (except that, in the case of clauses (iii) and (iv), the Company Auditor has up to two business days after the filing to deliver the comfort letter).

(r) The Company will deliver to the Managers (or its agent), on the date of execution of this Agreement, any requested certificates and related identifying documentation, and the Company undertakes to provide such additional supporting documentation as the Managers may reasonably request in connection with the verification of compliance with anti-money laundering requirements.

(t) That it consents to the Managers trading in the Common Stock for the Managers' own account and for the account of its clients at the same time as sales of the Shares occur pursuant to this Agreement.

(u) That each acceptance by the Company of an offer to purchase the Shares hereunder shall be deemed to be an affirmation to the Managers that the representations and warranties of the Company contained in or made pursuant to this Agreement are true and correct as of the date of such acceptance as though made at and as of such date, and an undertaking that such representations and warranties will be true and correct as of the Time of Sale and the Settlement Date for the Shares relating to such acceptance as though made at and as of each of such dates (except that such representations and warranties shall be deemed to relate to the Registration Statement and the Prospectus, as amended and supplemented, relating to such Shares).

(v) Prior to instructing the Managers pursuant to Section 2 hereof to make sales on any given day (or as otherwise agreed between the Company and the Managers), the Company's board of directors or a committee thereof authorized by either such board of directors or any authorized committee thereof (the "**Board**") (i) shall have approved the minimum price and maximum number of Shares to be sold on such day and (ii) shall have provided to the Company an authorizing resolution, substantially in the form of Exhibit B, approving such price and number. The instructions provided to the Managers by the Company, pursuant to Section 2, on such day shall reflect the terms of such authorizing resolution.

(w) Not to, or publicly disclose an intention to, sell, offer to sell, contract or agree to sell, hypothecate, pledge, grant any option to sell or otherwise dispose of or agree to dispose of, directly or indirectly, any shares of the Common Stock or securities convertible into or exchangeable or exercisable for the Common Stock or warrants or other rights to purchase the Common Stock or any other securities of the Company that are substantially similar to the Common Stock or permit the registration under the Securities Act of any shares of the Common Stock, except for (i) the registration of the Shares and the sales through the Managers pursuant to this Agreement, (ii) any shares of Common Stock issued by the Company upon the exercise of an option or warrant or the conversion of a security outstanding on the date hereof and referred to in the Prospectus, (iii) any shares of Common Stock issued or options to purchase Common Stock granted pursuant to existing employee benefit plans or long term incentive plan of the Company or (iv) any shares of Common Stock issued pursuant to any stock repurchase plan of the Company, during the Delivery Period, without (A) giving the Managers at least three business days' prior written notice specifying the nature of the proposed sale and the date of such proposed sale and (B) the Managers suspending activity under this program for such period of time as requested by the Company or (v) any shares of Common Stock issued pursuant to Section 2(h).

7. *Covenants of the Managers.* The Managers covenants with the Company not to take any action that would result in the Company being required to file with the Commission under Rule 433(d) under the Securities Act a free writing prospectus prepared by or on behalf of the Managers that otherwise would not be required to be filed by the Company thereunder, but for the action of the Managers. The Managers shall not use any free writing prospectus in connection with the offer and sale of the Shares except for any such free writing prospectus approved by the Company for use for such purpose.

8. *Indemnity and Contribution.*

(a) *Indemnification of the Managers.* The Company agrees to indemnify and hold harmless the Managers and each person, if any, who controls the Managers within the meaning of either Section 15 of the Securities Act or Section 20(a) of the Exchange Act and each affiliate of the Managers within the meaning of Rule 405 under the Securities Act from and against any and all losses, liabilities, claims, damages and expenses whatsoever as incurred (including without limitation, reasonable attorneys' fees and any and all reasonable expenses whatsoever incurred in investigating, preparing or defending against any litigation, commenced or threatened, or any claim whatsoever, and any and all amounts paid in settlement of any claim or litigation in accordance with this Section), joint or several, to which they or any of them may become subject under the Securities Act, the Exchange Act or otherwise, insofar as such losses, liabilities, claims, damages or expenses (or actions in respect thereof) arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in the Registration Statement, the Prospectus, the Prospectus Supplement (including any Interim Prospectus Supplement), the General Disclosure Package, any Permitted Free Writing Prospectus or other free writing prospectus that the Company has filed, or is required to file, pursuant to Rule 433(d) under the Securities Act, or in any supplement thereto or amendment thereof, or arising out of or based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading; *provided, however*, that the Company will not be liable in any such case to the extent that any such loss, liability, claim, damage or expense arises out of or is based upon any such untrue statement or alleged untrue statement or omission or alleged omission was made in reliance upon and in strict conformity with written information relating to the Managers furnished to the Company in writing by or on behalf of the Managers expressly for use therein.

(b) *Indemnification of the Company.* The Managers agrees to indemnify and hold harmless the Company, each of the directors of the Company, each of the officers of the Company who signed the Registration Statement, and each other person, if any, who controls the Company within the meaning of either Section 15 of the Securities Act or Section 20(a) of the Exchange Act, to the same extent as the foregoing indemnity from the Company to the Managers, but only with reference to information relating to the Managers furnished to the Company in writing by the Managers expressly for use in the Registration Statement, the Prospectus, the Prospectus Supplement (including any Interim Prospectus Supplement), the General Disclosure Package, any Permitted Free Writing Prospectus or other free writing prospectus that the Company has filed, or is required to file, pursuant to Rule 433(d) under the Securities Act, or any amendment or supplement thereto.

(c) *Required Notices; Right to Counsel.* In case any proceeding (including any governmental investigation) shall be instituted involving any person in respect of which indemnity may be sought pursuant to Section 8(a) or 8(b), such person (the “**indemnified party**”) shall promptly notify the person against whom such indemnity may be sought (the “**indemnifying party**”) in writing (it being understood that the omission so to notify the indemnifying party shall not relieve the indemnifying party from any liability that it might have to any indemnified party otherwise than under this Section 8 and from any liability that it may have to any indemnified party under the foregoing provisions of this Section 8 unless, and only to the extent that, such omission results in the forfeiture of substantive rights or defenses by the indemnifying party), and the indemnifying party shall retain counsel reasonably satisfactory to the indemnified party to represent the indemnified party and any others the indemnifying party may designate in such proceeding and shall pay the fees and disbursements of such counsel related to such proceeding. In any such proceeding, any indemnified party shall have the right to retain its own counsel, but the fees and expenses of such counsel shall be at the expense of such indemnified party unless (i) the indemnifying party and the indemnified party shall have mutually agreed to the retention of such counsel or (ii) the named parties to any such proceeding (including any impleaded parties) include both the indemnifying party and the indemnified party and representation of both parties by the same counsel would be inappropriate due to actual or potential differing interests between them. It is understood that the indemnifying party shall not, in respect of the legal expenses of any indemnified party in connection with any proceeding or related proceedings in the same jurisdiction, be liable for the fees and expenses of more than one separate firm (in addition to any local counsel) for all such indemnified parties and that all such fees and expenses shall be reimbursed as they are incurred. Such firm shall be designated in writing by the Managers, in the case of parties indemnified pursuant to Section 8(a), and by the Company, in the case of parties indemnified pursuant to Section 8(b). The indemnifying party shall not be liable for any settlement of any proceeding effected without its written consent, but if settled with such consent or if there be a final judgment for the plaintiff, the indemnifying party agrees to indemnify the indemnified party from and against any loss or liability by reason of such settlement or judgment. Notwithstanding the foregoing sentence, if at any time an indemnified party shall have requested an indemnifying party to reimburse the indemnified party for fees and expenses of counsel as contemplated by the second and third sentences of this paragraph, the indemnifying party agrees that it shall be liable for any settlement of any proceeding effected without its written consent if (i) such settlement is entered into more than 30 days after receipt by such indemnifying party of the aforesaid request and (ii) such indemnifying party shall not have reimbursed the indemnified party in accordance with such request prior to the date of such settlement. No indemnifying party shall, without the prior written consent of the indemnified party, effect any settlement of any pending or threatened proceeding in respect of which any indemnified party is or could have been a party and indemnity could have been sought hereunder by such indemnified party, unless such settlement includes an unconditional release of such indemnified party from all liability on claims that are the subject matter of such proceeding.

(d) *Contribution.* If the indemnification provided for in this Section 8 is unavailable to or insufficient to hold harmless an indemnified party under Section 8(a) or 8(b) in respect of any losses, liabilities, claims, damages or expenses (or actions in respect thereof) referred to therein, then each indemnifying party shall contribute to the amount paid or payable by such indemnified party as a result of such losses, liabilities, claims, damages or expenses (or actions in respect thereof) in such proportion as is appropriate to reflect the relative benefits received by the Company on the one hand and the Managers on the other from the offering of the Shares. If, however, the allocation provided by the immediately preceding sentence is not permitted by applicable law, then each indemnifying party shall contribute to such amount paid or payable by such indemnified party in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Company on the one hand and the Managers on the other in connection with the statements or omissions which resulted in such losses, liabilities, claims, damages or expenses (or actions in respect thereof), as well as any other relevant equitable considerations. The relative benefits received by the Company, on the one hand, and the Managers, on the other hand, from the offering of the Shares shall be deemed to be in the same respective proportions as the gross proceeds from the offering (before deducting expenses) received by the Company bear to the total commissions received by the Managers. The relative fault shall of the Company, on the one hand, and the Managers, on the other hand, shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the Company or the Managers and the parties’ relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission.

1. The Company and the Managers agree that it would not be just and equitable if contributions pursuant to this Section 8(d) were determined by *pro rata* allocation or by any other method of allocation which does not take account of the equitable considerations referred to above in this Section 8(d). The amount paid or payable by an indemnified party as a result of the losses, liabilities, claims, damages or expenses (or actions in respect thereof) referred to above in this Section 8(d) shall be deemed to include any legal or other expenses reasonably incurred by such indemnified party in connection with investigating or defending any such action or claim. Notwithstanding the provisions of this Section 8(d), the Managers shall not be required to contribute any amount in excess of the amount by which the total price at which the Shares sold by it were offered to the public exceeds the amount of any damages that the Managers have otherwise been required to pay by reason of such untrue or alleged untrue statement or omission or alleged omission or any amount in excess of the Selling Commission received by the Managers in connection with the offering contemplated hereby.

2. No person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation.

3. For purposes of this Section 8(d), each officer and employee of the Managers and each person, if any, who controls the Managers within the meaning of the Securities Act or the Exchange Act shall have the same rights to contribution as the Managers, and each director of the Company, each officer of the Company who signed the Registration Statement, and each person, if any, who controls the Company within the meaning of the Securities Act and the Exchange Act shall have the same rights to contribution as the Company.

(e) *Non-Exclusive Remedies*. The obligations of the parties to this Agreement contained in this Section 8 are not exclusive and shall not limit any rights or remedies which may otherwise be available to any indemnified party at law or in equity.

(f) *Information Provided by Manager*. It is understood and agreed that the only information furnished by the Managers to the Company pursuant to Section 8(a) or 8(b) that is included in the Registration Statement, the General Disclosure Package, the Prospectus or any road show other material consists of the information set forth in the ninth paragraph under the caption "Plan of Distribution" in the Prospectus Supplement and the Prospectus.

(g) *Survival*.
